car rental Many victims suggest avoid Hertz because they report late returns as stolen and several people have been pulled over, sent to jail for renting a car from them that had been reported stolen. This gives you a police record. From 2016 to 2020, the Hertz family of rental car companies reported approximately 3,000 cars stolen annually, many of which were false claims.

FIRE EMERGENCY 911

Fire on aircraft such as tire flaming the answer is air traffic control because 911 does not work  
911 supervisor should make sure 911 has the special emergency number to control tower to prevent loss  
of life because planes from City Airport are sometimes low over Warren. I have requested this of the  
Warren 911 supervisor.

Just the facts. I guarantee that everything here is factual or I will remove it.

First I repeat again I believe in Freedom of religion. I do not hate Muslims.

I have many Muslim friends. I welcome Muslims into our community as long as they agree to follow American laws not Islamic law.

We are proud to be Christians and follow Jesus. Here is why. Just a little comparison.

The Golden Rule is what Jesus taught but it is not found in the Quran.

# The Golden Rule

Do Unto  
Others As  
Ye Would  
Have Others  
Do Unto  
You.

MATT. 7:12

Sources Their bible the Koran and Hadiths record of Mds life and Life of Md by Ishaq.

But any accurate biography will agree. Facts are facts

Kidnapped tortured and raped by the modern-day Pope of Islam. Humanitarian aid worker American Kayla Jean Mueller with Doctors Without Borders hospital. Look this hero up on Wikipedia.

**These innocent children were murdered by Islamic bombers at our Boston Marathon April 15, 2013, by two Islamists who planted two bombs, near the finish line of the race. Hundreds were injured, including 17 who lost limbs. This was just one of many Islamist bombings and killings around the world and in the USA. Like at Ft Hood where an Islamist killed 13 and injured 30 others.**

**Unpleasant but truthful facts.**

And there have been thousands of terrorist attacks around the world since 9-11. See Wikipedia terrorism attacks and the factual website [thereligionofpeace.com](http://thereligionofpeace.com) for more verifications. We veterans speak the truth.

Facts are 46,634 terrorist attacks since 9-11 worldwide To see list of visit [the.religion.of.peace.com](http://the.religion.of.peace.com)

Now it is 2025 and we live in a world that has been enlightened by science and hopefully could be also by wisdom. To some of us with old age and time to reflect we reach new better understandings. We know that all humans are brothers and sisters and that the best method of human conduct is the Golden Rule. It has now been accepted by virtually all good and wise persons on this planet. We see that the leader of Islam was sort of trapped by his position as leader of a group of warriors and perhaps had yielded to the temptations of power in the maintaining his kingdom. He did in fact practice the Golden rule in his daily life by most of his actions. He supported Jesus as a prophet. His desire for power led to some of his anti-human actions. Remember that Verse 1-1 states `` In the name of the merciful and compassionate Allah ... guide us in the right path . . . and not those who err. Also several verses in the Quran like 2:21 state, `` Show Kindness `` 2:191 `` Do Good `` 4-40 `` Show Kindness `` 2-203 Allah `` loves not evil doing `` He was living in the world of 570-632, a world of violence and lack of knowledge. He was limited and formed by this obsolete world. Many of us feel that if he were alive today that he would see an additional vision that of a peaceful loving world that needs the Golden rule which can also be expressed as `` Cause no Harm. ``

Now in 2025 we see the effects of hate having cost the lives of millions and realize that the better path is the path of love. In 2025 we hope that all humans `` cause no harm by their actions or inaction. `` All humans, intelligent life, even artificial intelligence, must practice this because now the weapons of mass destruction can be and are in the hands of a few. Muslims, Buddhists, Christians and all faiths and beliefs must accept this as the law of life or face death.

We hope that all follow this understanding for a better safer happier world.

In each of the mosques below perhaps hundreds of followers must totally submit 150 times a day (five

times a day with 30 submissions in each) day by day year by year. They get down on the floor take off their shoes and totally bow down touching their head to floor in total submission to the Allah who appears to want them to fear and submit and commands them to kill non Muslims in many verses in the Quran such as 9-5 Allah commands them to kill non Muslims.

[Whereas our Christian God commands us to Love one another and to always do unto others as you would want done to yourself.]

In Islam Allah commands them to `Slay the non Muslims where ever you find them.` And the leadership refuses to upgrade the verses that commands Muslims to kill non believers, So in 2025 we are still having killing attacks around the world and with potential for some here.

But Remember that Verse 1-1 states `` In the name of the merciful and compassionate Allah...guide us in the right path and not those who err.`` Also 2-21 and several other verses in the Quran state, 2-76 we took from the children of Israel a covenant, show kindness, 2:191 `` Do Good `` 4-40 `` Show Kindness `` 2-203 Allah `` loves not evil doing,``

Each individual must choose which path to follow. We hope it is the right path of love and kindness. But they are promised to go to paradise if they die in a suicide attack in verse 9-111 and others.

Unfortunately too many chose the path of hate and the sword instead.

Also they are commanded not to make friends with non believers and to deceive. Muslims are commanded not to have friends with non Muslims. So beware because deception is Islamic practice. US soldiers learned the hard way not to trust them because they would later kill as many of as they could. We learned by the many deaths of our brothers not to trust them.

Again facts are facts. And there are many American gravestones marking the graves of those who did trust them.

`` On many a grave headstones glisten of those who heard but wouldn't listen.`` Will one be yours in the future?

Islam means total submission to Allah and obeying Muhammad, God's spokes person who claimed he spoke to God's angel often.

Muhammad is the warrior and slave maker and slave trader whose life they follow. He had repeated sex with a 9 year old girl Ashia who became his favorite wife of many.

This leader ordered others killed. Read the Hadiths which verify this history. He commanded his followers to spread Islam and they did.

Most of the Middle east was Christian and his followers butchered the Christian farmers and older sons and sold the wives and children into slavery.

And they did this for the last 1,400 years.

All non Muslims were killed.

And the followers of this warrior are doing this in Africa now.

Women are told they must submit to the men.

Those who do not please the men are sometimes beaten.

Wife beating is approved and even taught in Islam. 4:38

This is Islamic law. I have Islamic law books. I took classes from Harvard on Islam. Wife beating happens regularly today around the world but they can't get away with much of that here because of our laws.

And thousands are killed in so called honor killings yearly.

See Wikipedia, Human Rights Watch and UN websites for verifications

Also visit [thereligionofpeace.com](http://thereligionofpeace.com) for facts.

Again these are the true facts and facts are facts.

But the Truth sounds like Hate to those who hate the truth. So some people will condemn me and call me bigot, crackpot, etc. But I am really standing up for women's and girl's rights and to not do so would be cowardly.

After all our country is the land of the Free because of the brave and I have had death threats and filed police report.

I am proud to be a man of integrity, and to follow Jesus.

And since deception is part of their practice, we ask what are they really teaching.

And the answer is Islamic law and practice not American law and practice. But that is not what they will tell you.

They want you to believe the Official story that these evil attacks were by radicalized persons.

No. Islam itself is a radical social practice that has been practiced for 1400 years and is alive and being practiced today.

There is no such thing as moderate Islam. Look at Afghanistan or any other Islamic country.

Here we have Believers practicing Stealth Jihad yes, and lots of weak or partial believers.

See Robert Spencer`s great book Stealth Jihad.

Stealth Jihad is building numbers by bring in more relatives, making babies, recruiting especially in schools including college campuses and by getting lots of their folks into positions of power.

Also they put out a lot of Saudi financed propaganda.

They have been ordered by Imams to behave like good Americans until they have built up larger numbers and get enough power. Then they will become even more demanding and take over.

And this stealth jihad is working very well as they are making great progress now.

They have convinces thousands of Americans to believe their Official narrative that Islam is the Religion of Peace and that our Muslim neighbors offer no threat. Granted most are peaceful now but Look at the Pew research showing that many do support violence to support the spread of Islam and klook at the record of attacks and most of all look at how they have eventually taken over the Middle East killing millions. Look at their actions in Africa and Afghanistan now. Considering the above evidence and facts show we best beware of their propaganda and deception.

Families facing eviction contact the Mayor 586 574-4520 until she appoints a social worker to help citizens.

IN DESPERATION ONLY. WHERE TO GET WARM:

In temps below 40f WITHOUT WARM CLOTHING YOU MUST GET yourself and KIDS into a warm area OR THEY MAY DIE OF HYPOTHERMIA.

Any local library, or store or public building, Center Line and Warren City Halls, Warren Police station lobby, Warren Community Center 5460 Arden West of Mound North of Chicago Rd. when open 8 Am to 8 PM M-F, 8-6 on Sat. Sundays closed.

Fitzgerald Recreation Center 4355 E 9 Mile Rd 1 block East of Ryan. Tues and Thurs 9 AM-2PM,

Owen Jax 8207 E 9 Mile Rd East of Van Dyke you can hide inside if staff doesn't see you to get warm.

This may change to 7AM to 7PM warming only mayor states no food.

Some cruise lines, ships or motels and some seniors offer room maybe food in exchange for work.

Military recruiters will set you up with world travel, paid housing with food, 30 days of paid leave a year and medical benefits. There are also several other groups that offer good benefits.

In the library look in newspapers and online for other possibilities and events. Girls: find a woman ask for help she may let you sleep inside somewhere. Try a relative or friend, sleep in car or garage. Join a church meet friendly people.

Veterans VA VFW VVA county veterans agency may have a little help.

**Try MATTS 586 755 5191 Salvation Army** between 9 and 10 Mile 24140 Mound Rd 586-754-7400. Mound has no busses and MATTS is almost always out of bus tickets and is begging for more.

Trinity Lutheran Church 8150 Chapp Ave South of Stephens 1 block East of Van Dyke Jan Feb Mar? no fone.

**MCREST Macomb County Rotating Emergency Shelter Team 215 S Main St Mount Clemens 586 415 5101** their 88 cots is usually full in winter.

Friend of Father shelter 7012 9 Mile Rd

Try Fast Food places, restaurants, stores (you may have to buy something) hotel lobbies, lobbies of big buildings car dealers showroom, garage.

Universal Lanes 2101 E 12 Mile Rd,

Bonanza Lanes 24600 Hoover, shops, commercial business buildings.

Macomb Dept of Human Services SW 27690 Van Dyke 1 1/2 mile 586 427 0600 from 8 AM to 5 PM can get warm.

Ask for help from them but usually offer nothing unless you have children. Good for ID help. Workers are over-loaded, overwhelmed. many burned out their hands tied. I know was insider 8 years.

Post Office you can warm up there but can't loiter.

Secretary of State 12 Mi and Hoover must show receptionist you want something.

Courts are public and one can come in and sit and watch court proceedings. Proper dress and decorum are required, you will occasionally have to stand up.

Stilwell Manor lobby is warm. Waste water treatment plant lobby.

Local churches welcome visitors on Sundays or evening religious days.

Local churches may help. Any hospital or urgent care building when open for short time warming before they put you out.

Hospitals for frostbite can get treatment. Urgent care are will bill you and send you away do nothing for you.

Warren Fire stations are not set up to accept visitors as all personnel have to leave the station during some fires.

Schools do not want visitors and will send you away except during public events like concerts.

Smart busses are heated Fare is \$2 change or can use up to a \$10 bill but it gives you bus credit not change.

Warehouses, businesses, shops plant growers,

homes. If you are well dressed, you can pay respects and get warm. (I would not throw out a homeless person at a family

funeral viewing or funeral service.)

Local halls clubs, VFW, Eagles, K of C, etc. IONA soup kitchen and mosques but need to show interest in joining.

Try Detroit. Below 8 Mile they have many more resources as do several churches there.

Heated buildings big stores shops but many have sensors that will call police but if you get put in jail, it is warm, but you and your kids will survive the alternative is hypothermic death.

A FEW ADDITIONAL ITEMS A-Z

The American`s Creed

" I believe in the United States of America, as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it, to support its Constitution, to obey its laws, to respect its flag, and to defend it against all enemies." William Tyler Page, The American`s Creed

Another formidable threat is Stealth Jihad.

And of course the leaders are not getting rid of nuclear weapons and their threat to cause extinction of mankind by nuclear destruction and years lasting nuclear winter triggered by the resulting dust.

Human civilization with its history of needless killing and suffering, has demonstrated thru thousands of years into the present that humans are incapable of curtailing their violence, while wrecking the environment and are on the edge of nuclear war which will cause our extinction.

And on a much bigger picture, since the Galaxy is millions of years old and more advanced civilizations have most likely evolved it is possible visitors may be using us for genetic research because there is evidence of many laser surgeries in which cattle and humans were operated on using technology beyond present human technology. This has been verified. Yep really weird, but just reporting FYI Feel free to reject this but how does that explain the verified evidence of these surgeries?

Others tie the mutilations to possible extraterrestrial visitors. Filmmaker, science reporter and Stanford-educated author Linda Moulton Howe has looked at more than 1,000 animal mutilation cases, winning an Emmy award for those efforts with her 1980 documentary A Strange Harvest. In her 1989 follow-up book, An Alien Harvest: Further Evidence Linking Animal Mutilations and Human Abductions to Alien Life Forms, Howe ultimately concluded after researching hundreds of cases that extraterrestrials were likely involved.

Well I covered the biggest threats from political to the very weird for purposes of you at least being informed about things that are not often in the news or which are ignored or censored. Indeed there is a strange censorship happening about some of these items.

Americans should become aware of hidden threats but they probably won`t, judging from the response I have had to my warnings that thousands have already read and ignored they will wait until the temperature gets over 100 and the oceans rise and or some deranged leaders launch the nukes.

If Mankind does not change his ways he will either self destruct or be eradicated by a Galactic Federation

to stop his violence from spreading off of this planet.

And no matter whether you believe this or not it is logical and both the threat of nuclear destruction and of potential eradication exist according to experts who are also tight lipped on this for good reason.

That is what this professor sees. But the future is what we make it and I have published this information in the hope that we can make positive change.

Human Rights are being ignored around the world. Women and Children are being killed. Please become informed.
